

THE ALLCLEAR

Cordless Mosquito Mister claims portable insect misting technology that kills and repels mosquitoes and other nuisance insects in an area of up to 2,000 square feet for as long as six hours. Users wheel the battery-powered, cordless mister into the area they want cleared, then activate an atomized mist solution of water and repellent concentrate. The misters, which sell for \$500, are available at Valley Home & Garden in Simsbury, Larsen's Ace Hardware in Canton and Center True Value in Berlin. Other locations: Allclearmister.com.

SCENTSHOP.COM

offers the mosquito-detering Skeeter Screen Reed Diffuser. Place the diffuser on the patio and the company says the people-pleasing fragrance will keep up to 300 square feet bug-free for up to four months. Diffusers are \$19.95 each at Scentshop.com.

INSECT SHIELD APPAREL and gear are made from fabrics and materials treated with an invisible and odorless repellent that the company says protects wearers and users against mosquitoes, ticks, ants, flies, chiggers, fleas and no-see-ums. Items, carried by such retailers as LL Bean, Orvis, REI, Eagles Nest Outfitters and Sloggers, include camp chairs, clothing, gardeners' hats and even hammocks. Prices range from \$29.99 for a wide-brimmed hat to \$85 for a hammock. Information: InsectShield.com.
